I had been miserable for some time from disordered kidneys. Mornings when I arose my back was so painful that I could scarcely straighten and at times I could not do anything. Trouble with the kidney secretions also bothered me, the passages being too frequent. I was subject to dizzy spells, and more than once came near falling on this account. My face bloated and there was also a perceptible swelling of my feet and hands. I tried various medicines and doctored a great deal, but nothing gave me any relief. I was about discouraged when I began using Doan's Kidney Pills, but I had only taken a few doses before I had reason to place great confidence in them. The use of one box put an end to all lameness in my back, restoring my health and benefitting me in a general way.
